

STOP THE MONSTER MAST

Residents twice said 'No' to local masts – this must be respected!

Pic: A similar mast in Farm Lane; bulky cabinets not shown.

A developer wants to put a **mobile phone mast** at the junction of Wandsworth Bridge Rd and Hugon Rd (opposite Barton Hse, Cairns Hse).

Stark looking, It would be a massive **17 metres / 56 feet** high, totally out of place for the area.

There has **not** been proper consultation with all homes and schools within range. The application also withholds essential details.

Borough residents near masts are experiencing health problems like sleep disturbance and palpitations. Objections requested by Wednesday, 4 Jan, but please get yours in **now**.

HAVE YOUR SAY...

- You can email planning@lbhf.gov.uk - make sure you quote planning application. **2022/03517/TEL56**. Or you can comment online at <https://bit.ly/3BrR7YK>

Example objection points – please use your own words: I object to the proposed mast. It would be ugly, too high and would dominate a residential area. It would be too close to some properties and wouldn't look right from the conservation area.

It would not be good for our health, and especially children, whose bodies are still developing. To approve it would undermine the Council's statutory duty of preventing impairment to children's health and development.

I am also disappointed that the developer has failed to properly consult local residents and schools within range.

- You can also post an objection to Hasna Miah, Planning Officer, Development Management. LB Hammersmith & Fulham, King Street, London W6 9JU.
